# YI #16.03 Committee & Advisory Clarification

Debra Brill discussed the Committee and Advisory Clarification. No action taken.

# YI #16.04 Division Report

Watched a video by James Black from the NAD Year End Meetings.

# YI #16.05 2016-2020 Theme Selection

Tracy Wood introduced the NAD themes for the next five years.

2016 - Create

2017 - Affirm

2018 - Access

2019 - Inclusion

2020 - Determined

Hoping to have the Unions and Conferences use and build on these themes in their areas. Page 5 of the Menu gives example. Had some discussion on this years theme Create. Some excited about it, some not. Manny Cruz asked about the purpose of the Division themes in the shadow of the General Conference theme Power of One.

Further discussion on the purpose for the Division not including the Power of One. Are we to use the Power of One or the NAD Division themes or use our own? What is the direction NAD wants us to take?

Joel supported that we are spending too much time on this and it is only a theme – not a mission statement. Much support for this statement.

Armando mentioned that the Themes were over a period of time and was not just a one time meeting but was voted by the Union youth directors and was not done in a vacuum.

# YI #16.06 Directors Retreat Report

Union Youth Directors and administration met to develop vision for the next five years. Lots of discussion.

# YI #16.07 Youth Sabbath School Concerns & Recommendation

NAD Youth Exec. Committee Ontario, CA 1:30 - 5:30 PM

#### **Officers**

Chair - Debra Brill - NAD Recording Secretary - Glen Milam – NAD (CU)

Ex-officio - Miranda, Armado Jr. – NAD

Ex-officio - Wood, Tracy - NAD Ex-officio - Cangy, Gilbert - GC Ex-officio - Tejel, Jonatan - GC When Pacific Press became the press of NAD, they asked the NAD to look at the sales of *Insight*. NAD had to decide if they were going to subsidize the magazine or discontinuing it. We made the hard choice to discontinued the printed *Insight*, but not the *Insight* brand.

Youth Directors, please make yourself aware of the resources available.

#### Comments:

- Sabbath School for youth is broken. Part of that is the time slot. We need to think out of the box. Satan is trying to destroy Sabbath School because it is two way communication for these young people. We need to help people understand that it is more then standing in front of the class for 45 minutes. It's like cooking veggie meat. You take it out of the can, and many don't know what to do with it, but when you are trained, you know how to season it and fix it to make it delicious.
- Resources need to be available electronically, not just in print. Need an App!
- Team up with young people and invite them to participate in the development.
- We need one voice, one place and one vision. In the corporate world, the entire organization has a one word theme that permeates the entire organization. We are all over the board.
- There needs to be a website where we can upload what we have written to share with anyone who is looking for it.
- We always want more folk in our class. We can lecture or discuss, but that's about it. It's about what the leaders are studying. They need to be passionate and be sharing what they are passionate about. Then we have to make it relevant to what we face today.
- Our need isn't more resources or even Apps.
  Our need is of a more relational approach. Most teachers are weekend warriors. They are only there for the morning. They need to be shown how to build relationships. The key is the teacher.
- As youth leaders, we need a training event, a weekend retreat for teachers.
- If we do Apps, they have to be updated everyday, not once a year.
- God is the creator. He enables us to create programs that meet the needs of young people.

### NAD Recommendations:

• Survey is ready to go to the division to teachers and users.

- Job descriptions are being developed.
- Identify someone to shepherd the development of Youth Sabbath School resources to have ready next January.

## YI #16.09 Youth Evangelism - ShareHim

Jeremiah Weeks presented:

• We are an independently funded ministry connected to Carolina Conference. Our challenge to our people is to share Christ.

- We are seeing in western and central Europe that the need is finding the courage to do something right now in my home mission field to share Christ.
- We have found that by taking someone and immersing them in evangelism in an area that is rapidly growning they are encouraged to speak up in their own community when they return. ShareHim International has had over 13,000 participate in this program.
- Invitation: We invite you to join us in reaching out to Madagascar to preach in partnership with the local churches, where people are passionate about sharing their faith. Preaching 16 days, several days of "unpacking" and a few days of sight seeing. About \$3,000 a person. NAD is pitching in to lower the cost.

# YI #16.10 The BIG Question – What would you like to see in NADYM? Small Groups

North American Division has received \$510,000.00 from the 2015 GC Session Offering. Funding will be divided and sent to Union and Guam/Micronesia treasurers to oversee their distributions using the following guidelines:

Each local church will download and complete the attached Application Proposal Form (it is highly recommended that young people ages 25 years and under are included in the proposal process). The application is submitted to the conference youth director for approval, then sent to the union Youth Director. The union GC Session Offering Committee will approve proposals and distribute the funding to respective conferences to distribute to the approved church projects.

The applications are due June 1, 2016 to the conference youth directors.

- No program to sell.
- Take care of your family. Take care of your spouse. Take care of your family.
- Slow down. Take care of your families. What am I hear for? God has called you, the thing that

keeps us going is what God has put in our hearts to do. Vision is not a good idea but what God has put in our hearts to do.

- We need to reflect on our systems if we are going to be a world ministry. Our structure does not allow us to work together. We need holy conversation. The world church needs you.
- Be the sermon! March 19, 2016.
